EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Joseph Borovian on 3/3/04. The application has been amended as follows: claim 18 now reads:

"Claim 18 (amended) A method of treating a condition which is responsive to the antagonism of bradykinin activity wherein the condition is pain comprising administering to a mammal in need of such treatment a therapeutically effective amount of a compound according to Claim 3, or a pharmaceutically acceptable salt thereof."

The marked up version of the claim is "Claim 18 (amended) A method of treating a condition which is responsive to the antagonism of bradykinin activity wherein the condition is selected from the group consisting of pain, inflammatory diseases, inflammatory disorders, edema, spasms and septic shock comprising administering to a mammal in need of such treatment a therapeutically effective amount of a compound according to Claim 3, or a pharmaceutically acceptable salt thereof."

Statement of Reasons for Allowance

- 2. Claims 1, 3, 4, 12-14, and 16-18 are allowed. The following is an Examiner's statement of reasons for allowance: Applicants' limitation of claim 18 to the treatment of pain, which was previously found to be enabled, removes the only remaining issue in the case. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 3. Information regarding the status of an application should be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
